~~he~~ was not done by me.

The Rate was taking place indoors. I have not personally  
spoken to owners of venue. Only saw D on the  
evening of the 7th (Saturday)

I did not go inside - gates were closed - I did not  
see any vehicles.

D's Van Reg. is known to the police but I would not  
personally know.

There were vehicles parked but I did not notice what  
D's van was.

Was not aware of people squatting in that building  
at that time.

Has anyone confirmed D @ venue best place  
not present here today.

There was a Rate on an adjacent rd but not on that  
day.

the calls received were not relating to Crown Rd.

In the day in question phone calls rec'd related to this  
particular Rave.

stat 1 (Tab 13)

In 7th duty officer + walked through estate + saw  
a van but did not recognise van. He saw D however  
who admitted he was the organiser of that Rave.

I had to call for Reserve intervention to call to my barrages.  
I advised D & people dispersed + ran & this later  
D was released. None and not take place.

No doubt Rate Wild have continued had he not arrested D.

I later saw D getting out of the van. I can remember

Counsel argues that PNC into on statement adds no corroborative value & into re: witness being "afraid of D"  
which he puts down to the way he worded but he meant  
that people actually are afraid of process of

Df

How many calls from public did you receive?

WITNESS

In excess of 15 calls - may relate to some of venues + not others.

Does not know nr calls in relation to each of these occasions.

On Pg 15 - Allegations re: Millman Lane. evidence from Officer not 187 had - relied on CAD + other intel.

Query re: "3 massive lithium oxide tanks"

I think your members have met D once @ Emerton's

NO convictions from class A Drugs unlike what's written in Statement - another example of cut & past.

I'll ignore bc no convs of class A or Supply  
counsel:

You cannot assist Court w/ reliability of info contained; are you?

Can intel be highly inaccurate? NO?

On that particular report, it appears to be right.

I did not speak to Percell; he is from a 7  
borough. I believe he was not included in  
the e-mail. - bc initial blanket e-mail sent  
to LDE only.

Searched system for info on Copell's convs.

Revising @ to Statement on pg 30a.

POINR UNIT

Does Poinr. Unit has more info that it is let on?

Officer: NO.

Are you aware that US Copell has spoken to other  
officials re: Raes?

Suggest that you do not want DS Tanner to

knowledge of Raes + their not being connected  
V/D.

the day of Saturday & Sunday as well.

He was at my house for an 1/2 on Saturday &

On Sunday it was around midday.

At "full" - not w/ him - did not give detailed  
route in statement bc and not think it relevant.

Problem w/ service of docs from Police & will not  
take bundle bc frightened by police. like panics &  
hangs his events time he's stopped.

I have gd memory & write down all encounters  
w/ police although not in the bundle.

Re + XEX

I accept involvement of police - their interaction w/  
my son / family.

You said "not police have lot of info" & you  
said "I accept involvement but not Bone's"

I met involvement w/ police & lot of data particularly  
NY Simon. but not in regards to Rave - issues do  
Raves.

- don't accept that he's involved in organisations
