Tape Counter Times(♦)	Person Speaking	Text
	PC 3055 Roberts	From somebody who at the moment you can't remember the name but it's,
	Cordell	It's in ruins, I was in ruins it was just sitting there in ruins, it wasn't like it was someone would like, it was just in ruins in a derelict place and a person said to me he was selling it, I said okay (inaudible) that was it.
	PC 3055 Roberts	Okay right that's fine,
	Cordell	It wasn't like some thing that somebody thought was going to cause a big problem that's where it was.
	PC 3055 Roberts	Okay the only question I would have to you then Simon is obviously you've said it was in the afternoon that you've gone up and got it, in actual fact it was 10 to 2 in the morning. Obviously there is a disparity there,
	Cordell	What about the timing? Yeah all I know is I drove down the motorway and there is hundred of CCTV cameras that can record me going up that motorway back down towards here,
	PC 3055 Roberts	My point in you've said it's light, possibly,
	Cordell	Yeah.
	PC 3055 Roberts	Well 10 to 2 in the morning it is not going to be light.
