**RESTRICTED (when complete)**

## WITNESS STATEMENT

(CJ Act 1967, s.9; MC Act 1980, ss.5A(3) (a) and 5B; MC Rules 1981, r.70)

Continuation of Statement of: **MR ANDREW MURPHY** .....

This was confirmation that it was in fact a gearbox problem. I told the male that the vehicle would have to be recovered and contacted my control to organise this.

The male told me that he needed the vehicle to go to Edmonton in North London. My control told me that recovery would take two to three hours. I also informed control that the vehicle they send must be capable of towing a trailer as there was one attached to the rear of the Transit.

I then left and went off duty.

I would describe the male as a white male, aged mid 20's, 5'10 to 6' tall, slim build. I cannot describe him further. I cannot recall what he was wearing. I didn't really take much notice of him.

All I can say about the female was that she had tattoos on her face.

I was on the scene for less than 10 minutes but the male was in my view for only a short time during this time.
