

This quote has been prepared for the patient **SIMON BY PETER SAMUEL** of Dental treatment services given by DentaFly Dental Implant & Smile Studio

Please note that this quote has been provided to you with all the information you have provided us about your mouth and teeth. On your arrival, we will carry out a 3D scan of your mouth and teeth which will reveal any issues you may or may not have and your cost may be adjusted (higher or lower) according to your 3D scan. If by any chance you cannot get your treatment then 3d-xrays and consultation fee is applicable.

Zygomatic Implant

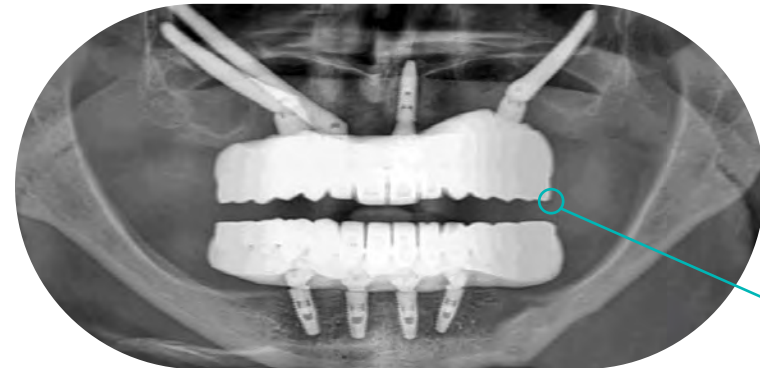

£ 13500

- *THE MAJOR ADVANTAGE OF THIS TECHNIQUE IS THAT BONE GRAFTING IS RARELY NEEDED. THIS MEANS THAT FOR THE MAJORITY OF PATIENTS, NO BONE GRAFTING IS NECESSARY.
- *THE TREATMENT IS SUITABLE PATIENTS WITH SEVERE BONE LOSS. EVEN THOSE PATIENTS WHO HAVE BEEN TOLD THAT IMPLANT TREATMENT IS NOT POSSIBLE BY CONVENTIONAL MEANS.
- *DENTAL BRIDGES ARE ATTACHED TO THE IMPLANTS ON THE SAME DAY AS SURGERY (TEETH IN A DAY; ALL ON FOUR; IMMEDIATE IMPLANT BRIDGE PLACEMENT) SO THERE IS NO TIME WITHOUT TEETH AND NO NEED FOR A DENTURE.
- *ZYGOMATIC IMPLANTS HAVE A ROLE IN PROVIDING DENTAL SUPPORT IN CLEFT LIP AND PALATE PATIENTS WHO ARE UNABLE TO TOLERATE MORE CONVENTIONAL TREATMENTS.
- *ONE ZYGOMATIC IMPLANT CAN SUPPORT 3-4 TEETH; ONE REGULAR DENTAL IMPLANT SUPPORTS 1-2 TEETH.
- *FOUR ZYGOMATIC IMPLANTS CAN SUPPORT A FULL UPPER DENTAL BRIDGE.
- IMMEDIATE PLACEMENT (WHEN TEETH ARE REMOVED AND ZYGOMATIC IMPLANTS ARE PLACED AT THE SAME TIME) CAN BE PLANNED PREDICTABLY.
- *ZYGOMATIC IMPLANTS CAN BE USED TO SALVAGE OTHER FAILED OR FAILING DENTAL IMPLANT TREATMENTS (ALL ON 4; MINI-IMPLANTS; FAILED BONE GRAFTS; SEVERE PERIODONTAL BREAKDOWN OF THE EXISTING TEETH).

RESULT!

Robotic Implant

- REDUCE THE HUMAN ERRORS IN FREEHAND TREATMENTS
- PERFORM FLAPLESS TECHNIQUES
- THE ACCURACY OF IMPLANT PLACING USING STATIC GUIDES AND DYNAMIC NAVIGATION
- AVOIDING UNNECESSARY INCISIONS AND STREAMLINING THE RECOVERY PROCESS OF THE PATIENTS
- AN IDEAL, AESTHETIC, AND FUNCTIONAL OUTCOME
- ROBOTIC TECHNOLOGY NOT ONLY ELIMINATES THE POTENTIAL INACCURACIES DURING PRODUCTION FITTING A FOR A PHYSICAL GUIDE BUT ALSO ALLOWS PATIENTS TREATED WITH THE SAME-DAY GUIDED SURGERY TREATMENT
- AVOID THE RISK OF FRACTURES OR INACCURATE GUIDES
- ALLOW FOR IRRIGATION AT THE SURGICAL SITE
- ENABLE THE SURGEON TO RESPOND TO INTRAOPERATIVE CONDITIONS BY CHANGING THE PLAN NEEDED.
- IDENTIFY THE DEVIATIONS FROM THE PLAN
- PROVIDES PHYSICAL (HAPTIC) AS WELL AS VISUAL AND AUDITORY GUIDANCE
- THE SYSTEM IS COMPATIBLE WITH A VARIETY OF IMPLANT SYSTEMS.

Excellent experience

Excellent experience ! Going to the dentist is always a little scary...but they made it so easy and straight forward. I had X-rays and a consultation. I did bleaching only since I had no other problems . The prices are very reasonable also for the high services they provide . The staff is amazing and very polite ! Looking forward to my next visit ! 🤗

Could not be happier with my Treatment...

I have just returned from a visit to Dentaflly in Antalya and I would just like to say a huge thank you to the team there.

I am a complete dent-a-phobe and the thought of the really long and complicated procedure I wanted doing filled me with dread.

Dentaflly were totally amazing and I would 100% recommend them to anyone looking for all on 4 treatments for both dental arches. They not only delivered a world class treatment and service but they did so whilst dealing with me - a very nervous and scared patient who was most likely quite difficult at times.

I have left a (very, very, very) detailed review on their Facebook page, so if you want the full account of my treatment, head there and take a look.

Thanks again Joseph and team for your brilliant work,

Gary Ison

FANTASTIC I'm top of the moon

It was FANTASTIC. Digital dentistry is the way to go. They have got their own laboratory just downstairs that allows me to change the design or the colour. They use computers to design so they cannot go wrong even if they want to. The dentist and the front desk are really helpful. Mr Yuksel help me a lot with everything as well. The hygiene was impeccable. They take really good care of you with the transfers and everything. Thanks Han, Zeus, and Yagmur for being kind and helpful.

THANKS TO THE DENTAFLY TEAM
I RECOMMEND EVERYONE TO COME HERE!

Dream team

Can't believe the experience I have had. I booked a break in side and always wanted to get my teeth my done in turkey, I inquired about this and this company gave me so much from the get go, Emir my advisor was spot on. So not just me they also looked after my family, my wife and 2 kids in the Lara hotel with transfers from side to Lara and back. From the first day of picking me up I was impressed, the transport was welcoming with very friendly drivers. On the way to the clinic I was a bit nerves but that was soon gone from the warm welcome and the set up you could see the place looked amazing. I stayed 4 days and most of that was relaxing days out with family the visit to clinic picked up and dropped off the experience was amazing for us all but mostly me with my new and outstanding teeth. From admin to drivers and reception team you do a fantastic job and the doctors and assistants are a well organised team who give you what you wanted and more. Thankyou for my experience I will be recommending to family & friends back in England.
