Dear Mr Cordell

I refer to your enquiry regarding your request to be exempt from 19.5% Council tax liability.

According to our records, you are currently not in receipt of the required welfare benefit that would entitle you to full Council Tax Support.

Whilst I appreciate your comments regarding the delay in changing your benefit status, until I receive information from the Department of Work and Pensions that you are in receipt of the correct benefit that will give you full Council Tax exemption, I am unable to change my records and the 19.5% Council Tax liability remains payable.

I suggest that if you are still experiencing difficulty in paying this, that you apply on-line for a Council Tax hardship payment at enfield.gov.uk.
