-I am a staff nurse on Dorset ward and I have known Simon since his admission to the ward.

1) Circumstances leading to admission

Simon is a 37 year old service user admitted on 25/10/18 under section 2 of the MHA. It was reported that he had not been engaging with the services in recent years. He was arrested for spitting at a police officer after they were called about him harassing his neighbours. He also has a number of non-molestation orders against him, forbidding him contacting them.. He was taken to Wood Green police station and during Mental Health Act assessment he appeared to be thought disordered, had no insight, held several grandiose and delusional beliefs. On admission he was irritable in mood, elated and grandiose.

2) Current nursing care

Simon is nursed in a safe environment. He has been encouraged to approach staff to discuss his feelings. A therapeutic outlet has been provided for him to ventilate his feelings.

He has been offered 1:1 sessions with staff on each shift to discuss his care plan and also to gain his cooperation and to get him involved in his treatment.

He was encouraged to get involved in his care plan and discuss his views.

Staff encouraged him to gain insight so that he would engage.

Staff initiated establishing rapport with him which has gradually improved.

He has politely declined to attend occupational therapy sessions on the ward.

He is currently nursed on general observation.
