Simon presented as fairly settled and calm in mood. He spent time socialising with fellow service users within the communal area, played music with his laptop and made quite a few phone calls thereafter.

He had snacks and hot drink during tea time. However, he refused his night medication as prescribed.

Retired to bed and appears to have slept from midnight.

1:1 Session

Simon approached me this morning stating that he wants to talk to me. I obliged him and went to his room to talk to him.

According to Simon he does not think he is ill and he now went on to say that there is a dead rat in behind his room. I asked him the exact location and he replied "just by my window". I went to investigate this and saw the rat by his window.

I reassured him stating I will immediately inform Estate and Facilities.

Logged in on Estate and facilities website. I informed him that this has been done and will be cleared ASAP. He seems happy about this.
