 following mha asmt initiated on 15/8, two meds recs complted. amhp maggie garrod unable to complte asmt because no bed available.

i was informed at 23.50 on 15/8 by bed manager david walcott that bed identified on haringey ward, st anns hospital.

i attended wood green police station at approx 02.00 this morning. i spent approx 40 minutes with simon in interview room.

i have read the s.2 med recs by dr albazaz and dr amin, and recent history on rio. i spoke with amhp maggie garrod, and i have also spoken with nearest relative mother lorraine cordell. she stated that she is simons only real social support and remains very protective of their relationship.

in all circumstances of the case i think that detention in under s.2 is the only viable way to ensure that simon receives appropriate assessment for his mental health, and that an appropriate approach might be developed to assisting him.

simon was adamant that he is not mentally unwell, and not in need of any mental health assistance. he stated that he feels that detention and admission to hospital is truly detrimental to his future, and would not entertain the notion that he might require mental health assistance.

i informed mother of outcome of mha asmt and her rights as nearest relative.

s.2 detention documents and amhp report handed to pss ambulance staff at 04.00 this morning, and they agreed to transport simon to haringey ward.

simon has been bailed by police and is in possession of the bail sheet.

amhp report completed and uploaded.
