

***Being appropriately clothed.***

Mr Cordell was casually dressed in a truck suit . He was cleanly shaven with no signs of self-neglect

***Accommodation.***

Lives in a one bedroomed flat provided by the council and paid through housing benefits. Denied any rent arrears.

***Finance/employment.***

Unemployed, explained that he is not allowed to venture out by police and hence he cannot go out to look for work.

He said that he is in receipt of state benefits. He told me that he earns around Â£70 per week EAS and receives housing benefits on top. Mother supports him with money too.

***Social inclusion.***

He does not want to work or go for training. Said that his grandparents left a lot of money for the family. He said, "I am alright"

***Factors having significant impact on Mr Cordwell's wellbeing.***

Mental health and emotional wellbeing; he continues to deteriorate in mental state as currently not under treatment and using skunk cannabis

***Conclusion/impression:***

Mr Cordell is not accepting that he is ill.

He would not engage with the HTT.

Mr Cordell need to be referred to the EIS as showing early signs of psychosis.

A referral for MHA assessment to admit him in hospital for further assessments and treatment would help reduce risk of further deterioration in mental state but Mr Cordell is not deternable in his current mental state.

No immediate social work role for now. The interview did not determin and Mr Cordell could not identify social issues having signification impact on his wellbeing.

***Plan;***

**We gave him our 24-hour contact number to phone mental health services if in emergency ( 02087023800).**
