

Enfield Assessment Service Referral Screening

Spoke with GP Dr Abidoye - Last seen in Surgery was Feb 2014. Does not engage well.

GP is of the opinion that his mother should encourage and advise him to attend surgery.

If he visits the surgery. Dr Abidoye was advised to make a referral to EAS if psychiatric assessment is indicated.

Telephone contact - Mrs Cordell was contacted twice to no avail. I was unable to leave a message.

Referral from mother.(But she does not want him to know of it)

Patient known to mental health services was assessed under the MH Act last year but not deemed sectionable.

Mother says she has been asking for help all over but got no where. She describes her son as not eating ,not sleeping, he is paranoid saying people are talking about him or laughing at him. He believes the goverment is advertising things about him. That the TV is talking about him and talking directly to him.

She reluctantly admits that he smokes cannabis adding "not a lot"

She is adamant that her son should not know of this referral as she is frightened to sever the fragile relationship she has with him.

Referred to E Assessment team. email sent
