

2. He looked well-nourished and clean, engaged well: there is a potential risk of self-neglect if mother withdraws practical support.
3. Some Cannabis use, but likely to be insufficient to account for today's presentation.

Plan:

I did not think his presentation today would meet criteria for detention under the Mental Health Act and Simon is willing to engage with services although not to take medication at the moment. He declined contact with the Crisis Resolution Home Treatment Team as he does not feel he is in crisis, but took the crisis number 020 8702 3800. We have referred him to the Early Intervention in Psychosis service for an assertive and consistent approach to his on-going management consistent with a least restrictive and proportionate response to his symptoms.

When his case is accepted by the Early Intervention Service, we will then close the case to this service.

Yours sincerely,
