

IMP

-I have made an application for a section 3. he suffers with a paranoid psychosis, most likely schizophrenia and there are risks to his health (mental), safety (retaliation) and to others--he has threatened his neighbours, filmed through their letter box etc. in response to his paranoia & caused considerable psychological distress.

if this is upheld then we will start a trial of antipsychotic treatment, I do not wish to do this prior to any section 3 as it will not be beneficial to take medication against his will unless he is subsequently detained on a section 3.

**MHA STATUS: Section 2**

**MENTAL STATE:** 1:1 with Simon who was polite and engaged well. He became anxious when he started discussing the tribunal .He said he was wrongly accused by police and does not believe he is ill. He still believes his neighbours are wrong and he is not taking any responsibility for any harm towards his neighbours. He thanked staff for their help and support on the ward. He agreed to have a copy of his care plan and discussed it at length.

**SOCIAL INCLUSION:** Mostly on computer in his room during the shift, showing staff his writing about the tribunal.

**INVESTIGATION:** None carried out.

**PHYSICAL HEALTH :** He did not report any problem.

He ate and drank well.

**MEDICATION:** Not on regular medication.

**PERSONAL CARE & ACTIVITIES:** Is satisfactory, he interacted with fellow patients.

**RISK AND OBSERVATION LEVEL:** Of slow progress in his mental state due to non-compliance.

On general observation.

**LEAVE:** Granted section 17 leave.
