trying to quote legislation at us he agreed to pack up and leave. He was reluctant but co-operative at this stage. We restricted access to any new comers to the venue and asked for a few more units to come to the location to help with dispersal of the small numbers that were in attendance and deter any new arrivals.

The venue had more or less emptied but the organisers were still packing their equipment away. As this was happening a crowd of approximately 100 people arrived in Millmarsh Lane at the same time. This appeared odd to me that so many people turned up all at once. The crowd appeared to be angry at the fact that Police had interrupted their evening and were shouting and advancing on officers. One of the group shouted, "Let's just storm it." Cordell appeared to have realised that this crowd was in attendance and half emerged from the venue and appeared to be encouraging the crowd to act up and try to force their way into the site. After a short time however, the crowd started to disappear. They moved back towards the junction of Millmarsh Lane and Mollison Avenue. A/Insp KING asked some of the officers present to follow them up to the junction and restrict access to Millmarsh Lane.

Once this had happened, reports came over the radio that more numbers were arriving and that more officers were going to be needed in order to control the group. There were also reports of missiles being thrown at officers.

A/Insp King and I went to the junction of Mollison Avenue. I could see a large crowd of 200 - 250. Crowd was very verbal and on the whole were advancing towards officers. There were a number of members of the crowd that were throwing traffic cones, traffic beacons and bottles at officers. I ordered the officers to form a cordon across the road and a number of officers also drew and racked their batons as a show of force and a deterrent. I did this also. A/Insp KING had asked for a dog van to attend the scene and the dog and handler assisted in driving the crowd back. TSG commissioners reserve was also on route.

There were two members of this crowd, a male and a female, that persisted and did not back down and leave.

These two were detained and subsequently arrested by officers the male had to be restrained on the floor.

Following this exchange the crowd started to move back towards the Brimsdown British Rail station. This is where they stayed for the remainder of the incident. The odd one or two members of the crowd came forward and was verbal a bit otherwise they slowly dispersed on to the trains and left the area.

On Saturday 9th August 2014 I was on duty in full uniform posted as Acting Inspector. Shortly before 2220hrs I was informed via our GPC that Intel had been received via social media that there was going to be a large illegal rave somewhere in the region of Millmarsh Lane, Enfield, EN3. I was advised that this was being advertised on Facebook by "Every Decibel Matters" who run unlicensed events. At this lime I was in company with Ps Ames 123YE and we made our way to the location. On route I informed the control room of what was potentially occurring and accepted the offer from some units to attend the location to assist me. On arrival in Millmarsh Lone it was obvious that something was about to happen. There were a number of groups of teenagers who were nulling around clearly looking for something. Millmarsh Lane is an industrial road with two major 24hr factories but borders residential areas which are divided apart by Mollison Road. At this time on a Saturday the streets were very quiet so these groups stuck out. After a brief search I noticed two metal gates next to the Greggs Factory which suddenly closed as we passed them. We stopped and I got out and approached the gates. Although dark, street lighting was on and I could see a male was using a chain and lock to secure the gates. I could hear music coming from further inside. Stood by the gate I immediately noticed an IC3 male who I know to be Simon CORDELL I recognised Mr Cordell as I have previously spoken to him recently at illegal raves where I have seen him setting up sound equipment and subsequently taking it away when confronted by Police. I explained to Mr Cordell why we were there but he immediately denied it was a rave. Mr Cordell stated first it was a private conference hut then said it was a birthday party. When asked about permission to be there he stated friends were squatting on the land and they had said he could stay. I explained to Mr Cordell that I needed to come onto the site to see what was going on as for all I knew he could be damaging it or stealing from it Eventually after promising I would not remove anyone squatting and only myself and Pc Ames would come in. Mr Cordell agreed that we could come in. Near to the gate was a silver Ford Focus index MA57LDY which I knew was Mr Cordell's. The boot was open and I noticed if contained three large thin industrial gas bottles. From experience I knew this was likely to contain nitrous oxide which is currently used or. the rave scene as a

legal high. As we passed the car Mr Cordell quickly lowered the boot. I queried Mr Cordell about the gas and pointed out that it was on the news earlier how Nitrous oxide was dangerous and Mr Cordell stated that the Government would probably ban it soon like everything else. Mr Cordell was polite and showed us around the site which appeared to be a large concealed area that was completely open to the air. There was a large sound system to the rear which was amplified though I could not see any power source There was a number of people wearing yellow hi vis jackets who Mr Cordell stated were first aiders and there was a pallet of water near to the sound system as well as a couple of tents closer to the gates I could see no obvious Toilet facilities nor shelter from what had been forecast as a stormy night. Inside the venue mostly just stood around in small groups were about 30 people, mostly teenagers. Mr Cordell stated he was an entrepreneur and was awaiting licences from the council so that he would soon be legitimate. When I explained all the "ingredients" for a rave were present Mr Cordell began to try and argue his point that it was not a rave and that it was a private party. I spoke at length with Mr Cordell explaining the legal situation and how by definition this was a rave and that ultimately there were too few people present at the time to stop police and so on this occasion I could act and close the rave. Whilst on an industrial estate it was my Opinion that such was the proximity to local housing and my knowledge of the volume music is played and the duration it is played for. often throughout the weekend that a rave would constitute serious disruption. Mr Cordell was clearly not happy but did not want his equipment seized so agreed to start packing up the sound equipment. Whilst talking with Mr Cordell there were small groups of teenagers arriving at the site and entering via a break in the fence, (the gates still being shut at this time). I got Ps Ames to get units to us to prevent further people trespassing on the land and to discourage people from attending the location and exited the venue to await Mr Cordell's exit with the sound equipment Whilst waiting I radioed for the on-call Superintendent so I could get the various Rave legislation approved so that I could seize the sound equipment and enforce a rave cordon on Millmarsh Lane to prevent people entering. Whilst stood by the venue a number of people began leaving, most were laughing but the odd one was blaming police for stopping the event. Suddenly there was a huge number of mainly teenagers walking towards me from the direction of Mollison Avenue. Apparently, this group had all arrived together from the nearby railway station. Straight away some of this group headed straight towards us saying they were going to storm the place. I had been joined by a few team officers and we advised them that the rave had been closed down and they would not be allowed to enter. There was some verbal confrontation but the large group which was up to 100 strong moved off round the corner with some overheard saying they would break in round the corner as they began to move off Mr Cordell stood by the break in the fence and shouted words to the effect of, come on, there is more of you". I quickly went up to Mr Cordell and told him to stop or I would arrest him to prevent a breach of the peace. At this Mr Cordell went back and stayed away. The large group did indeed try to get into adjoining premises that they thought led to the rave venue but were stopped by officers and moved off back into Millmarsh lane, although one officer Pc Wale was injured during a struggle. I requested the attendance and as many units as possible including dogs and TSG as the

group were becoming more hostile towards officers despite there being no music now and being informed of the closure. A short while later officers I had positioned at the junction radioed that there was now an even bigger crowd advancing on them. I arrived at the junction to see a very large number of people, now up to 200 walking with purpose towards officers stood in the road. Suddenly objects began to get thrown from the crowd towards police. I saw traffic cones, cone lights, bottles and stones begin to land near Officers so that they had to quickly move out of the way. I again heard phrases similar to "storm then". Fearing imminent violence, I drew and extended my baton as did my colleagues. I could hear shouts of "get back" but the crowd continued to throw items, some of which were landing on cars that had been temporarily stopped due to the group. We had been joined by two dog units who took the lead in dispersing the crowd. At this point there were two arrests to my left and along with the dogs this seemed to make the crowd withdraw. I told my officers and the dogs not to follow the crowd as they were now by the train station with nowhere to go as the barriers were down. There was a tense stand off for some time but the group eventually got onto trains and left the area. I was informed by another unit that Mr Cordell had also left with his equipment. I tasked arriving TSG with local reassurance patrols but shortly after they started, I was advised that most of the group were wandering around near to Ponders End. I tasked TSG with following this group and was informed by their Inspector that their unmarked unit had overheard talk that the rave was now going to be South West of the original location. I was aware that TSG subsequently saw Simon Cordell by the Crown lane Industrial Estate where he has held a rave before and had stopped the group from forcibly breaking into this location. Finally, after dose to three hours later, the group dispersed and I was informed that social media was indicating the rave would now be Epping Forest. The whole incident took a vast number of resources to police and there were two arrests for drugs possession and two for drunk and disorderly behaviour. One officer was injured with a deep cut to his elbow requiring first aid by the Police FME and emergency calls whilst answered were subject to delay

Further to my statement dated 15/08/2014 regarding an illegal rave on Saturday 9th August 2014 I have been asked to clarify the role that Mr Simon CORDELL had during the incident.

On the night I first noticed the location of the rave as a male quickly locked the gates upon apparently seeing my marked police vehicle. This male was Mr Simon CORDELL and it was him that initially said I could not enter and it was him who was very much in charge of deciding if Police were going to be let in. Indeed, having been let into the venue by Mr Cordell I had a number of conversations with him about whether what I saw constituted a rave and part of Mr Cordell's argument to stop me closing it down included telling me that it was a private party but that ultimately it didn't matter because he was applying for licences from the council and soon his events would be legitimate and could not be closed. The conversation was very much that this was his event and he would keep running them no matter where he had to go. It was Mr Cordell who showed me around the venue pointing out first aiders and piles of bottled water in an attempt to convince me this was a legitimate party. I having explained that I was going to order the rave closed or seize the sound equipment it was Mr Cordell who passionately argued against this whilst maintaining he did not want his sound equipment seized. Eventually, it was Mr Cordell who told other persons present that the event was closing and told people in yellow jackets to start packing up the equipment. Aaron King Ps 91 YE /

On THURSDAY 24th JULY 2014 I was on duty in plain clothes as operator of an unmarked police vehicle in company with APS 212Y. MARTIN, PC 151 YE ROBERTSON, and PC 229YE O'NEILL. At around 1625 hours on Alma Road EN3 we had cause to stop a silve Ford Focus vrm MA57LDY due to the manner of its driving. The driver was a male I know to be Simon CORDELL dob 21/01/1981. know him as I have dealt with on a number of previous occasions. He was initially hostile about having been stopped, but once he had calmed down, he engaged in conversation with us. He stated that he is staying out of trouble now, and he does not get involved in any of the things he used to. He stated that he has 4 brand new speakers at home which are suitable for use at raves, but he does not use them and has offered to lend them to any "youngsters" to use. He went on to say that they are not interested though as these days they just want to steal everything. He said he gets inundated with requests to run raves all the time, but he doesn't get involved now. He claims to have 20,000 followers on one social media site, and 70,000 on another. He said he could organise a rave and get 20,000 people at it with no problems whatsoever, and he gets requests from anarchist type groups to run raves for them. He went on to say that he had been asked by Occupy London, Black Block and other anarchist type groups to run a rave at Notting Hill Carnival for (them so that they could cause carnage and mayhem, but he had refused. Whilst on public order duty at Notting Hill Carnival I saw Mr CORDELL walking through the area, I was deployed around TAVISTOCK ROAD. He was pushing a wheelie bin, and he was approached by members of a group of around 10-20 people who had been waiting at a junction near our location. This group had been playing drum and bass music and has told officers they were heading to an event but were awaiting the location. It was somewhere between 2200 - 2300 hours when I had seen the group, and Mr Cordell.

On Friday 12th September 2014 I attended the address of Simon Cordell in BURNCROFT Avenue EN3 with A/PS 556YE PETRUCCI, PCSO NASSEER and PCSO TILLEY.

I knocked on Simon Cordell's front door at 1230 hours and he opened the door and asked what we wanted; I asked him if he was Simon Cordell, to which he replied, "Yeah." I stated to him that I was here to issue him with a summons to attend Highbury Comer Magistrates Court on 6th October 2014 at 1:30pm. Mr Cordell stated, "What is this for?" I informed him that it was for an ASBO; I showed him the summons and the folder and as I went to hand him the folder and the summons Cordell stated, "I'm not accepting that, I'm not having that."

Cordell then placed the folder on the floor, outside his door, in the hallway. I stated to him that he does not have to accept it and that I have already informed him of the date, time and where to go. Mr Cordell then shut the door before I could hand him the summons, so I posted it through his letter box. Mr Cordell was also told to inform his solicitor of this.

Mr Cordell was a light skinned, mixed race male, with short black hair and was of medium build.

This statement refers to an illegal rave which took place between 6th June and 8th June 2014 on the industrial Estate near Wood grange Avenue.

On Thursday 14th August 2014, I spoke with a resident who lives in Wood grange Avenue, Enfield. The resident is an elderly female and both she and her husband are retired.

She has stated that on Saturday 7th June 2014, she contacted Police regarding a rave that was happening on the industrial estate close to her home address. Her reason for contacting Police was because the music noise was horrendously loud and this was disturbing their peace and had been going on for some time. She states that both her and her husband were extremely distressed about this whole incident because something similar had happened in the past.

She states that lots of youths had been jumping over fences and she was very concerned and frightened about this and feared that something would happen to them or one of their neighbours. This made them both extremely anxious, nervous and made them worry.

This lady is worried that an incident like this could happen again. She did not want to provide Police with a direct statement as she is frightened that the organisers could trace where they live and make their lives even more of a misery. She is extremely concerned that something like this may happen again in the future.

The caller wishes to remain anonymous. I will refer to her as Complainant "A". The original notes taken for the below statement are present in my pocket book serial 370/14, page 1.

Complainant "A" said "It was a warm evening and we had to keep the windows shut because of the noise. The next day we could not even go out into the garden because of the noise. It kept me and my husband up all night and made us very anxious the next day. The illegal rave totally ruined our weekend".

I am a resident living at [Redacted] Woodgrange Gardens and have lived at this address for 28 years. I am retired and live with my wife who suffers from Dementia. As a result of the noise which takes place at the Warehouse, my wife and I have suffered a lot. As a result of my wife's condition it is hard for me to get her to sleep and the noise from the party has made it 100 times worse. The party normally goes on from about 8pm until the next day. The noise is so severe that even though my house is double glazed, the noise penetrates through the wall. On the last occasion we had people spilling over from the warehouse onto our roads and they are very noisy. This is a lovely area, but things change when the party is on. [Signature]

On Wednesday 20<sup>th</sup> August 2014 at about 12:00 hours I was with Pc McMillan when we attended Woodcote GARDENS in ENFIELD and spoke to residents about a rave which had recently taken place at a nearby Warehouse. We both conducted a door to door enquiry and spoke to the following residents:

I spoke to resident (B) one who wish not to be named. This resident is (B) eight months pregnant and also has a very young child. She informed me that as a result of the noise coming from the rave, she and her young child could not sleep for the whole weekend. Also at home was her elder mother who also did not get any sleep for the weekend. She described the music as very loud, annoying which vibrated the windows and doors all weekend. She further stated that at one point she thought of finding somewhere else to stay for the weekend.

On Wednesday 20<sup>th</sup> August 2014 between 12:00 and 13:00 hours I was on duty with Pc McMillan 7594E when we attended WOODGRANGE GARDENS and spoke to residents about a rave which took place at a nearby warehouse recently. Resident (2) informed us that the rave had a devastating effect on her and her family. This resident does not wish to give her name, however she told us that she is a shift worker and for the entire weekend she did not get any sleep, because of the loud music and people from the rave making noise outside all night. On the mornings after the rave, there were people in cars sleeping and drinking alcohol. There were people vomiting all over the road and young men urinating on the streets. She found the crowd very aggressive and intimidating and there were men peering over the walls into the houses which was quite scary.

This statement refers to how an illegal rave held in Progress Way Enfield, impacted upon me and my families lives during the period between Saturday 7<sup>th</sup> June, and Sunday 8<sup>th</sup> June 2014

I am the above named person and what I say in this statement is best to my knowledge and memory from the dates mentioned. Progress way is approximately a fifth of a mile away from my address as the crow flies. My address is known to police.

On Saturday 7<sup>th</sup> June 2014 at approximately 01:20hrs me and my family were woken by a very loud thumping music. I could hear that the music was coming from the direction of an industrial estate on Progress way. It was so loud and deafening. It was a hot evening and even with all the doors and windows closed I could <sup>hear</sup> a constant thumping noise that led me to have no sleep all night. I even had to wear ear plugs, but they didn't help me at all. I called the police for the first time to report this, but they said

they were aware as other people had already called to report this. At approximately 2pm the music stopped for 15 minutes, and then started again through to the morning. I contacted the police again shortly after the music started and they referred me to the noise nuisance team. Unfortunately there was no one there to answer the call. The music carried on all night and into the next day. It totally wrecked my weekend. At 1000hrs Saturday morning, we left our home to go a family gathering, and returned back in the early hours of Sunday 8<sup>th</sup> June 2014 at around 0100hrs. On our return I could not believe that the music was still playing! I could not believe that I may have to suffer another night of no sleep, I felt miserable and cranky, this effected my family due to the fact I had no sleep. The music continued until the early hours of Sunday morning, causing me to get no sleep. I contacted the police again and also spoke to a member of the noise nuisance team at the council who told me there was very little they could do due to the vast numbers of people in attendance at this illegal rave. This type of illegal rave is not the first time it has been held at Progress Way, one took place over Christmas 2013 which kept us up as well! I really hope the person organising this type of event stops as he is causing so many problems for me and residents of Enfield, ~~on 12<sup>th</sup>~~

On Wednesday 11<sup>th</sup> June 2014 I had occasion to attend
