

Incident Report 74507 - January 14, 2013 11:15 - Debra Redwin

All external doors have now been closed, so the building is as secure as we can make it until we review and carry out more work on Monday morning.

This comment also applies to the damaged fence.

I am now taking a replacement padlock and chain to replace the one cut off during the break in, to the gate where concrete Jersey Blocks have now been positioned.

I shall leave the key with the patrol guard(s), who are now in place and collect this from them on Monday morning.

Leaving site now, though available on the phone if needed.
