

I can't say fairer than that right now. I know you've invested in your setup but you must understand you can't make it back on 1 job.

At the rough rate of £250 per day (including man) I will try and probably can get you more jobs and get you recognised as a local resource but you have to work with me bro and not try and kill me on this one.

Hope you understand where I'm coming from.

Thanks.
