

new mental health team who I was in contact with asking for help in regards to them writing a letter regarding my son's housing which they refused to do until they had met him, this in itself was going to cause a problem because as you are aware my son does not feel as if he has a mental health problem, I even emailed Angela Hague as she was the last person to have assessed my son in June 2018 which the court had a report of and was read before the court on the 26 June 2018 at the hearing.

The issue seems to be with the like to like property, which I do not believe is appropriate as I believe my son needs family support and someone staying with him in order for us to try and make him understand that he needs support from the mental health team, I know this was spoken about in court on 9 August 2018 where I believe Enfield Council is stating you told them to consider this, but Enfield Council will not consider this unless I get a letter from the mental health team, Enfield Council is also under the assumption I stated my son needed supported accommodation, I did not state this in court, I said I did not want my son in supported accommodation that if my son had a two-bedroom property his family would support him which I believe in the correct things to do for my son.

It seems as if Enfield Council is continuously passing information that is incorrect to the mental health team, and the only reason I can see for this is that they are trying to keep him in hospital.

From the point my son was hospitalised and taken out of that flat his health started to improve greatly in hospital, even the doctors and nurses noticed this, they tried to put in place a section 3 due to what Enfield Council has said to them, the section 3 was not granted due to laws within section 3 and my son not being detain-able under section 3, my son stated he was willing to stay voluntarily in hospital and he was willing to do this, but due to the doctors not getting the section 3 they wanted, they then discharged my son the following day with no support in place because they needed the beds.

Since my son has gone back to the flat his health has started to decline again, due to what the neighbours are doing. When my son was in hospital his cousin was staying at the flat to look after my son's dog, the first day he stayed there he himself was going
