Hi

Thank you for downloading a Shiraz RIP product and hope that you have managed to install and run the software. Your software should now be fully enabled and include full printing access.

Please note after the installation of the software to enable the 15 days free trial, you have to activate a trial license through License Manager by selecting Activate option at the start of the program. If for any reason you are not able to activate the trial to print and test the software please let us know and we shall do our best to make it work.

If required, we can also offer a free online introduction session through remote Internet connection to demonstrate the software and provide basic initial training.

If you would like to have a one-to-one remote session with one of our product specialists or need any additional information about Shiraz Software products, please do not hesitate to contact us.

Kind Regards
