I also would like to question whether u supply the glue and blue beans needed to operate the machine and pricing if so, if not please can you help provide a supplier for such products?

If I resolve the issues the machine is faced with at present I would like to order the flat end screws needed to service the glue station so for the glue to get extruded through it correct path at its optimal performance and therefore request the following price of them parts of your self's.

I would appreciate any help or advice that you or your team members may have in helping to get the Morgana pur 150 re-commissioned.

Many thanks and kind regards
Mr S. Cordell
