

cannot even say why condition 5 has been imposed because condition 4 conflicts with condition 5 in certain parts. And who would want to hire or take on The Appellant if he had to ask for written permission which would be degrading for The Appellant to have to ask each time he wanted to go somewhere or had a contact and had to explain why he needed it to be confirmed in writing by the owner and/or leaseholder of the property,

These are just a few concerns with the conditions that The Appellant is under, there is other concerns with other conditions set at by the Courts that are of concern.

How this case could have been proven is beyond me, I have only done a brief account of information within this letter. there is a lot of information i have not included due to trying to keep this letter as short as I could.

I only wanted Justice for my son, but due to a mistake I done it seems there will be no Justice and the true facts will never been known. And my son will suffer for something he did not do. I did call the High Court then I realised I had made a mistake and told them I was going to be late submitting documents due to trying to get help from a legal person. And as for the beaches of my son's human rights do they not matter.

There is so much wrong with this case, and the way the courts addressed it was not correct since 2014.
