### **Chapter 7777**

Stain doing his best to scare me:-

Stain started to play with his front door locks so to intimate me on a regular daily basis I knew this not to be his normal actions due to me leaving besides him for so long. I could hear the locks being turned and locked so to warn me of the needed securing towards my own premises due to their misplaced behaviour towards me, so I had a security gate in my back garden from my last prior council flat laying down on the floor, it got placed there for about ten years prior since I had moved into this home of mine and got left as dormant. The council was not protecting me neither was the MPs when informed in detail of what I was being subjected towards by others, against my free will.

What happened is that I decided to invest in a welder, of my own and did do so, I done this so to put the gate up and in place, to secure my premises, as I had always left my front door pretty insecure because; I trusted in stain and other residents on my living estate, but this trust got broken into peace by them mentioned neighbours, as I used to feel secure in my home before they had started their tortures acts.
