Dear Mr Cordell

We have offers for established educational organisations that we partner with. We have test licenses of our software.

Jan would be able to establish your requirements and produce a quote. If you feel that the product specification is appropriate and the quote is affordable, we would offer a 30 day trial of the software. Our strategy is designed to be cost and time efficient for all parties.

Best regards
Stephanie

OK thank you, but i feel as if you have yet to answer my questions, is there a trial version available to the general public so that any person can test the software before purchasing it and is there a discount for the use of ps10 for educational purposes.

Thanks
Mr Simon Cordell

Dear Simon

I will put you in touch with a reseller of our software. Jan Edgecombe sells P10 and can provide you with a quote for a product best suited to your needs.

Best regards
Stephanie

Dear Stephanie

I am grateful for your offer in relation towards the courses that Colgate supply i am how ever reluctant and have to decline. I have however spent much time in studying the management and development of icc profiles and the nesting of images and no i have learnt a fair understanding so to understand what i need to no "to get around" and therefore believe with the support available that is online that i will be able to achieve the basics i need within in using Colgate software's, so to manage my goals set, this is to say that one day i may take one of the courses available if i find any hardship. please if possible can you answer my last questions emailed to yourself s in the past email.

Kind regards
Mr Simon Cordell
