24/7 Support: 020 7084 1810

Simon Cordell — Customer Number: 37486337

Your hosting account is ready. It's time to build your website.

Sign in to Your Hosting

Your domain is associated with a different account or isn't registered with us. You must manually update its DNS to point to our hosting nameservers. **Learn more.**

Building the site yourself? Upload your files.

(1) If you have a lot of content, use your IP address, username and password to connect an FTP program.

(2) If you prefer to upload individual files, look for **Files** > **File Manager** on your hosting dashboard. Browse your computer for files and upload them directly.

Using WordPress?

Look for the WordPress icon in the **Building Tools** section of your **dashboard**.

If you have any questions or comments, our specially-trained hosting experts are standing by around the clock. Give them a call at 020 7084 1810.
