

card and for this reason I had yet had the chance to supply the telephone number to any other person, when asking the person who they were while on the phone they replied “police,” they explained to me that they had been a couple of police officer’s earlier in the day whom had been outside of my home address and together they had been trying to gain entry and to do this they needed the entry code.

When asked why they continue to explain: — so that they could speak to me.

I asked the reason for their visit and this never got explained to me, so that got clearly explained for me to be able to understand, so instead I gave the right entry code minus the last correct digit, I persifcley recollect asking repeatedly for the person on the phone to give me their badge number and I got refused, so in finalizing our conversation we said bye to each other and it came to an end.

On consultation with my friend to what had just happened on the phone, we both decided to walk towards my mother’s home and got done as for our own belief in our safety.

Before walking towards my mother’s home we phoned the emergency services, so to ask if there was any record on the police computers, what would have been of a police officer that had made the phone call, which I had received. The reply given by the police civilian’s while on the phone was a simple blunt answer of, “No.”

The next decision me and my friend made was to make another phone call, this was to call my mother, so for all to be able to explain the version of events to each other in regard to what had happened and also in doing so to make sure that we had highlighted our concern’s of our own safety to her, while still on the phone we all together made an agreement for me and my friend to make our way to her home.

After the phone call had finished me and my friend chose to statically plan our chosen route and then started to make our way on foot. By this time both of our resources of available capital had become low, for me this was due to the police restrictions I had gotten placed on the bail conditions that get compiled together with the additional, driving bans had started to take the role on me.

We started or mission to get to our location when while on route we were both compromised in our plan for a peace full walk; this got managed by members of the met police force, as we had foreseen may have happened prior, I remember knowing that this was to our own dissatisfaction.

This incident got added latter into the on goings of the Anti Social Behaviour Order.
