Mr Cordell tried to hang himself at the age of 16 when in a young offenders institution; he says he lost consciousness and needed to be resuscitated. He was moved to a high security hospital and kept in seclusion on a number of occasions, but he says he would destroy the padded cell with his teeth. He says he was seen regularly by a psychiatrist called Dr Caplin from "the safe project". Mr Cordell says there was a second occasion where he tried to hang himself when in a cell after he was sentenced.

Mr Cordell denies any contact with Mental Health Services between that point and 2014.

In November 2014 – Mr Cordell was under Home Treatment Team. He was diagnosed with Psychotic episode - not deemed sectionable under MHA. Following this episode he disengaged with mental health service.

In November 2015 – He was referred via BEH HUB to mental health services. At that time Mr Cordell was not eating, not sleeping, he was paranoid saying people were talking about him or laughing at him, believed the government was advertising things about him, the TV was talking about him and talking directly to him. He was smoking cannabis at that time. He was again found non sectionable under MHA and disengaged with the service.

In February 2016 it was applied for Warrant 135 (1) – but not sufficient evidence was presented to the judge for a warrant.

In August 2016, he was admitted under Section 2 of the MHA following custody at Wood Green station for threats to kill - section 2 reversed on appeal. He was discharged on Olanzapine 5mg and followed up by EIS. It was reported poor compliance with medication on discharge. Consequently he was discharged from EIS due to disengagement.
